CONGRATULATIONS

CONGRESSMAN LEONARD LANCE (R, NJ-7)

Election Day 2008 didn't have too many bright spots for Republicans. But National Research Inc., a Republican polling firm, is proud to have been the pollster for one of the GOP's true bright spots: the winning campaign of New Jersey's newest Republican Congressman, Leonard Lance.

Other clients for whom we polled in successful, winning races: Congressman Walter Jones (R, NC-3) in his hard-fought Republican primary campaign earlier this year; the Ocean County, NJ Republican sweep; the Middletown, NJ Republican Council sweep; and key Republican legislative victories in Arizona.

Finally, we are proud to have polled for the Republican Governors Association in the State of Vermont, the Club for Growth in Pennsylvania's 10th CD GOP Primary, the National Republican Congressional Committee's I.E. Division, Americans for Job Security, and the California Republican Taxpayers' Association.

To learn more about our polling approach, techniques and analysis, give us a call.
